CITY TRUSTEES

Communications on Various Subjects—Progress Reported on Brand Boulevard Track Lowering—Charter Filed and Ordered Published—New Ordinances

Messrs. Lane and Thompson absent.

After reading of the minutes the public mail bag was opeend under the head of communications. One was received from the Title Guarantee and Trust Co. referring to a letter from the street superintendent in regard to fire hydrants, objecting to connections being made with the Consolidated Water Company's system for fire hydrants, but at the same time agreeing to take the matter up with the city authorities.

A communication was read from residents in the section about Central avenue and Riverdale Drive, complaining of nuisance maintained on the property of C. E. Shattuck in the shape of numerous cattle and hogs kept on the premises; referred to the health officer to investigate.

A communication was received from the Empire Security Co. asking for extension of 60 days' time on improvement of Vine street; same was granted.

Complaints received from residents of Lomita avenue near Glendale complaining that carload of manure had been left on side track at Lomita and Glendale avenue for 24 hours, contrary to ordinance; referred to health officer.

Report of treasurer referred to auditing committee. The auditor's report on the city books was received and approved.

City Attorney Evans reported that a meeting had been arranged for Wednesday next between the committee and the railroad people in regard to lowering the track on Brand boulevard. The city clerk reported that at time the territory on the north was annexed it was supposed that there would be some unexpended money in the county road fund that should be turned over to the city of Glendale, but had been unable to get any information from Supervisor Pridham in regard to the matter. It was referred to the city attorney to see Mr. Pridham.

The matter of proposed city charter was brought up, the clerk reporting that it had been filed on Jan. 17th. A resolution was read and adopted directing that a copy of the charter be published as required by law, for three times in the GLENDALE NEWS. Mr. Tower offered a resolution thanking the board of freeholders for their efficient work in preparing the charter, but it got no further.

The city attorney reported in regard to delivery by express companies and also in regard to the extra fare required by the railroad company north of Broadway, Glendale, to the effect that the city has no jurisdiction, but is under control of the railroad commission. Mr. Evans also reported that the case of the Consolidated Water company against the city on application for injunction as to connections, comes up Monday next in superior court.

The matter of having the right of way of the Eagle Rock Railway Co. improved under the direction of the street superintendent, came up and was referred. Trustee Coker reported having secured a thirty-day extension from Jan. 10th of the option on Broadway lot which the trustees wish to secure for a fire apparatus house.

An ordinance regulating the delivery of newspapers, posters, etc., was taken up for third reading. There was considerable discussion over the provisions of this ordinance, as to how newspapers should be delivered so as to insure their not becoming a nuisance by blowing around the streets. It was finally left with the city attorney to work out satisfactorily if possible.

An ordinance fixing the grade of Brand boulevard from Sixth street south to city limits was taken up and read first and second times. An ordinance declaring Sixth street a boulevard for the period of six months to prevent heavy hauling over the same from Glendale avenue to the east city limits, was read first and second times.

Request of A. P. Offutt to be allowed to construct cess pool in alley, was referred to street superintendent.

The matter of publication of the city charter was brought up again and it was decided "for the purpose of securing full publicity," to publish it in the Glendale Press as well as in the official paper.

GLENDALE CHAMBER OF COMMERCE.

An adjourned meeting of the Glendale Chamber of Commerce was held in the office of L. H. Hurtt in I.O.O.F. building, Tuesday evening. The business consisted of the regular routine work, including reports of committees, etc. Plans for future work were discussed. It was shown by the reports that during the past year much for the good of Glendale has been accomplished by this organization.

There have been a number of accessions to the chamber during the year just closing and the prospects are bright for an unusually successful year during the twelve months upon which the society is just entering. There are now in the hands of the executive committee a number of applications awaiting action and others have expressed a desire to join. Gradually the enrollment has been swelled until the membership of the organization is 105.

The annual meeting of the chamber will be held in I.O.O.F. hall this evening, January 24th. It is desirous that there be a good attendance as officers for the ensuing year will be elected and other important business will be transacted.

UNION MEETING PRESBYTERIAN CHURCH.

Miss Brehm of New York City has been invited to speak at a union meeting next Sunday evening at 7:30, Presbyterian church. Miss Brehm is a master hand in presenting plain every day facts on the temperance question. She arouses an enthusiasm for the work which carries on to success whatever is undertaken. Her addresses are most logical and convincing, without any of the sting which antagonizes while it convinces. She presents her subject from a sociological standpoint showing the terrific cost to society and presenting remedy for conditions that exist. She is greeted by large audiences in all parts of the country. None can afford to miss hearing this distinguished platform speaker. Remember the date and place. Sunday evening, 7:30. Presbyterian church, corner Broadway and Cedar street. All are invited.

BARTLETT MUSIC CO. BRINGS BIG PIANO SHIPMENT.

There is music in the air. The Glendale House Furnishing Company's store on Brand boulevard is the scene of busy activity just now. "The Big Exclusive Piano House" has brought to Glendale for exhibit and sale the finest display of pianos ever seen here. Every make carried by this firm is represented, including the genuine "Autopiano." It is a healthy sign of the times to see this advertising effort made in Glendale by a firm of the size and importance of the Bartlett Music Company. It shows that our city's prosperity is attracting the attention of Los Angeles business men, and worthy of an event such as this sale promises to be.

Mr. C. P. Thomas of Canton, Ill., was visitor in Glendale on Monday.

AT THE HIGH SCHOOL.

Joseph Scott, the well-known attorney of Los Angeles and member of the board of education there, gave an address to the students last Monday on "Chivalry."

A number of the students attended the concert given by the People's Orchestra in Los Angeles Sunday afternoon, having received complimentary tickets from Mrs. Chas. Farwell Edson.

The performance of Midsummer Night's Dream last week may be written down as a success from every point of view. The attendance was good and the performance excellent dramatically, musically and otherwise. The gross receipts were in the neighborhood of $350 which ought to leave quite a satisfactory margin, although as yet all the returns of expenditures are not in. A fuller report will appear next week.

Principal G. U. Moyse was pleased to receive the other day from the secretary of the Society of American Fashions for American Women in New York City, a letter of congratulation to the school here for originating and carrying out the idea of the "Fashion Show" which was told of in the NEWS a few weeks ago. The secretary stated that he had noticed an account of it in a New York daily paper and was so favorably impressed that he hoped for great things to follow this innovation introduced by the Glendale high school, as he believed it to be possible by such means to gradually bring about the establishment of a standard of American fashions without dependance upon the people across the water.

Among visitors at the school this week was Col. W. M. Berger, who called accompanied by Rev. Mills. Col. Berger was president and is now secretary of the University of New Mexico, and is at present staying in Los Angeles. He spoke in an interesting and instructive manner to the students.

CHANGE IN P. E. CAR SERVICE.

In reply to a request from Mr. Veselich of the Pacific Home Builders, for a different adjustment of car service to accommodate their Tropico traffic, the following letter was received:

Los Angeles, Cal., Dec .7, 1912.

Mr. Stephen P. Veselich, Treasurer of Pacific Home Builders,

Dear Sir: Immediately after our conference with your committee in my office a few days ago, in which you requested additional local stops for the 5:10 p. m. Burbank car for the accommodation of Tropico people, I received an official request from the board of trustees at Burbank requesting that we make just the opposite arrangement, namely, relieve that train of all stops south of Arden Junction, they claiming with some reason that Glendale passengers are overcrowding the train to the exclusion of the Burbank people. This will illustrate [illegible] difficulties we encounter in attempting to readjust our service in a way that will meet the pleasure of all parties affected. With a view therefore to compromising these conflicting conditions to satisfy all, we propose to have the 5:15 Glendale train make the stop you request at San Fernando road, as well as all the local stops, eliminating all stops for the 5:10 p. m. except Broadway, Glendale, and also make the 6:10 p. m. Burbank train a flyer, stopping at Tropico avenue, Ninth street, Lomita, Broadway and Arden Junction.

We will also arrange to equip cars with new dash signs, including the name of Tropico. Yours truly,

J. McMILLAN,
General Manager.

JULIET C. RUSSELL.

Mrs. Juliet C. Russell, wife of E. S. Russell, died at the Glendale Sanitarium, where she had been for the past nine days, Monday, January 20th, aged 29 years. The funeral services were held at the Phillips Undertaking Parlors at 4 p. m. Tuesday, Rev. J. W. Utter officiating. The six pallbearers were three each from the K. of P. and the Elks lodges of Glendale, with which orders Mr. Russell is affiliated. There was a large attendanceof friends and a beautiful and profuse display of floral tributes. Interment was in Forest Lawn cemetery.

Mrs. Russell had resided with her family in Glendale for the past three years. For the most of that time she had been a sufferer from the disease which finally ended her earthly career. Although during the last day or two she had many lapses from consciousness, she rallied near the end and talked with her husband, the burden of her talk being an effort to cheer him for the inevitable parting.

Besides her immediate family, Mrs. Russell was survived by her parents, four sisters and a brother, her mother and two sisters being able to be in attendance at the funeral.

She was a woman of rare unselfishness and her life was characterized by acts of daily kindness. She was a devoted wife and both her life and her passing from this to another scene of existence were beautiful in their exhibition of the spirit of the Master who declared that "It is more blessed to give than to receive."

GROOVER-WALTON.

Sunday, January 12, at the home of the bride's parents, Mr. and Mrs. George Groover, Thirty-third street, Los Angeles, Miss Hazel Groover was married to Monroe L. Walton of Glendale, the ceremony being performed by Rev. Taylor of the M. E. church of Normandie avenue. The young couple went on a short bridal tour to San Francisco, from which place they returned Saturday last, and are at home in the McClelland apartments, Third and Louise streets.

Marshall Miller made a trip to Patton on Wednesday, taking with him Watson Pitzer, confirmed inebriate, who had broken his parole.

FIRE AT TROPICO

Blacksmith Shop, Plumbing Establishment and Pool Room Destroyod Los Angeles and Glendale Fire Departments Called In—Loss, $12,000

What proved to be the most disastrous fire this section has ever known occurred at Tropico, Tuesday night, a good portion of the oldest part of this city's business section having been swept away. It is estimated that the total loss will foot up to between $12,000 and $13,000. This loss will be complete, as no insurance was carried on anything that was destroyed, due to the fact that the insurance rate was almost prohibitive.

Three business houses were destroyed, and with them went nearly all of the machinery, fixtures, apparatus, etc. The largest loser is the firm of H. A. Jennings & Son, who were owners of the blacksmith shop which has stood for the past ten or twelve years. Wednesday morning, after careful consideration Mr. Jennings stated his loss at about $8000. Included in this amount was $1200 worth of hardwood used for making and repairing wagons, etc., several new wagons and machinery, forges, etc., which go to make up a modern shop of this kind.

The next largest loser was Charlie Hunter, the plumber, who estimated his loss at about $1200; Charles Jennings, Tropico's building inspector, had stored in the rear of the Hunter plumbing shop about $500 worth of plumbing fixtures, etc., which were entirely destroyed.

Julius Moniot, manager of the pool and billiard parlor, claims that his loss will amount to something like $500. His loss would have been considerably larger had not he been able to save five pool tables and several show cases.

The manner in which the fire started is not uncertain. It is known, however, that it started at the north end of the blacksmith shop. From this point it worked its way south, taking everything before it until its progress was checked at the alley running east and west and separating the Japanese store and apartments from the Hunter plumbing establishment.

The fire was discovered by City Marshal Gould who gave the alarm by discharging his revolver. Many responded to this call, and while the Tropico apparatus was being hurried to the scene the regular fire alarm, the tile works whistle, was blown. Notwithstanding the excellent and speedy work done by the local department the fire spread rapidly. Seeing that the Tropico boys were unable with their limited firefighting apparatus to cope with the flames the Glendale department was called out and responded in a remarkably short time, Marshal Miller and Deputy Marshal Everett accompanying the hose wagon. When these departments were in full working force four streams were playing on the fire, but still it spread. Fearing that the entire frame section would be swept away and as a last chance to save several of the buildings, the East Side (Los Angeles) department was called and from the time the call was sent in it took the department just twelve minutes to appear at the scene of the fire. This department added another hose, and these streams in addition to daring fighting, succeeded in checking the advance of the flames. The Japanese apartments were badly burned on the side nearest the plumbing shop.

"Say, give the Glendale department a boost," said Marshal Gould Wednesday morning. "The boys from Glendale certainly did good work. They were there every minute and if it had not been for assistance of this department the entire block would have been destroyed. The Los Angeles boys did fine work, too. And last but not least by a long way, was the work done by the local boys. I never saw anything like the way our boys worked. Some of the boys came direct from parties that were being held nearby and notwithstanding their "glad rags," they turned in with a will and fought like demons. It certainly was good to see them and be one of them. Had Tropico had a good set of apparatus there would have been no need of going outside for help."

IMPORTANT TRANSFER

M. V. Hartranft Secures Interests of C. H. Jones in Eagle Rock Railway and Ranch Properties—Corporation Formed which Means Much for Glendale

M. V. Hartranft, well-known here as the promoter of several large land projects at Monte Vista and Verdugo Park, and President of the local Glendale & Eagle Rock Railway, has recently purchased the interests of C. H. Jones in the Western Empire Company and all its affiliated corporations, including the Railway Company. Local interest in the change of ownership of this railway is a matter of keen interest here in Glendale, as the subject seems to be closely related to the entrance of the Pacific Electric road into the eastern portion of Glendale. All sorts of rumors as to the present status of the road have been going on this week, the bottom facts of which seem to be covered as well as they may be expected in the following statements made by Mr. Hartranft for the News:

"There has been no change in the ownership of the Glendale & Eagle Rock Railway except as the change in the ownership of the stock in the holding corporation isconcerned. Mr. C. H. Jones has sold his entire holdings in the Western Empire Company to me and there are no other interests concerned in the transaction. Many of our plans in Verdugo Valley, Monte Vista and elsewhere have been held in abayance pending this change and will now go rapidly forward.

"I am confident that we will begin extension of the road as far as Montrose (the Walton Crescenta tract) within thirty days, and that the entire Verdugo Park branch of the system will be rebuilt to broad gauge during the year 1913. In fact, we are entering into contracts that this work start immediately and prosecution thereof continue until finished.

"A separate syndicate, known as the Los Angeles and Arizona Land Company, has been formed to take over the Verdugo Park property at a price of $300,000. This syndicate consists of several leading citizens of Arizona, among them James P. Kirk, one of the millionaire Cananea mining group, and George M. Gage, of the Gage Cattle Company, and several banking institutions, together with Ben Goodrich, well-known attorney of Los Angeles, Mrs. Flora Howes Farwell, W. H. Faust, W. A. Hall, E. K. Alpaugh, John A. Pirtle and myself, all of Los Angeles.

"This syndicate will devote itself to the development of the beautiful Verdugo Park tract.

"Everyone knows of the magnificent plans of the Holmes-Walton Company at Montrose,—the work under way by Senator Frank Flint at Canyada, and our development of the wilds at Monte Vista.

"My own interests are directly centered upon the Monte Vista project and the Railway Company at this time with one of the equal interests of the syndicate of ten in the Verdugo Park tract.

"I think there are now enough interests and enough capital behind the various projects to predict that the Verdugo Valley and Glendale's beautiful and rich back country is well under way.

"While the various elections and disturbances of our plans last year diverted some of the effects of the work the Western Empire company laid out, I believe it was all for the best and that there was a right idea behind every one of the political events and the same right idea expressed finally in each result, and that the future will show this to be the case. Particularly as we all enjoyed the contests in a friendly way, and that I was the only loser financially in the very interesting contests that were on.

"What any of us have lost by the disturbances from the annexation elections we have already gained back in the increased force and growth of the development plans for the Verdugo Valley region. I am confident that Glendale will be richer and greater because of the events that have transpired, and certainly there is more harmony and better feeling about it than ever before.

"The railroad system is in most excellent shape today because of the magnificent assurance of immediate development of the region traversed by it; and of course this has even a greater meaning for East Glendale.

MEETING IN REGARD TO PARKS.

The Park Committee of the Tuesday Afternoon Club, Mrs. R. W. Meeker, chairman, has called a public meeting to be held at the City Hall Saturday afternoon of this week at 4 p. m. City Attorney Evans, Mayor Watson and others will be present and the subject will be thoroughly discussed.

TO SAMUEL PARKER, GLENDALE.

Born Jan. 21, 1831.

We search the tomes of olden times
For lofty thoughts, fitly expressed—
Gloat over Young's and Chaucer's rhymes,
And call the ancient poets best.

We're prone to think that wisdom died
When these poets passed on before—
We set all modern bards aside
And cling to myths of ancient lore.

No, no, my friend, wisdom has scored
A point for modern poets when,
Words like yours inspire and cheer
The souls, and lives of hopeless men.

Time is not measured by the hour
Or moments when the soul is young.
In rich experience lies the power
To touch the human heart thro' song.

"Eighty-two,"—You have traveled far,
Accompanied by a kindly muse,
At ninety-two—we hope you'll write
Another poem for "The News."

DISCOVERIES OF THE LICK OBSERVATORY.

The particular universe of stars in which we dwell is half again as large in scale as the world has been supposing. Our own sun is still youthful, and keeps traveling northwardly through space at the comparatively leisurely pace of twelve miles per second, or only two-thirds the average speed of stars of its own class. The North Star is not really a single star, but triple, consisting of three suns revolving about a common center.

These are some of the recent discoveries of the Lick Observatory, the famous graduate astronomical department of the University of California.

People who learned their astronomy twenty years ago, or five years ago, will have to change many of their ideas of the universe in the light of the Lick Observatory's newly achieved knowledge as to how the heavenly bodies are born and live and die. Nowhere in the world is so much being done to alter and expand man's knowledge of the stellar universe as on TWO—Glendale News—Jan 20 J Mount Hamilton, under the direction of Dr. W. W. Campbell, the famous director of the Lick Observatory.

When Dr. Campbell first came to the Lick Observatory, comparatively few double stars were known. He turned the great 36-inch telescope then the largest in the world, upon this problem, and in the years since then the Lick Observatory has discovered over 4,000 double stars. By the eye at the telescope it was proved that one out of eighteen stars on the average is double.

But next the Lick Observatory proved that vast numbers of stars which even to the most powerful telescopes look like one are really double, or even triple or quadruple. Work with the spectroscope showed that at least one star in every four is double. The first magnitude star Capella, for instance, consists of two stars, nearly equal in brightness, which revolve around their common center of mass every 104 days.

Only some 15,000 nebulae have been observed as yet, but the Lick Observatory has proved that several hundred thousand nebulae visible to the telescope or the camera exist in the sky, waiting to be discovered whenever opportunity can be found to undertake the work. Most nebulae have a spiral form. This discovery was wholly unexpected. It proves their rotation.

Three extra moons have been found for Jupiter by the Lick Observatory; the planet's sixth, seventh and eighth satellites having been discovered in 1892, 1904 and 1905.

Some thirty comets have been discovered by the Lick Observatory.

It has been shown that the principal "new stars" which now and then blaze up in the heavens, only to fade dim afterward, have been converted into nebulae, and that the nebular stage passes later, in the course of many years, to the ordinary stellar condition.

Total eclipses of the sun have been observed by expeditions sent by the Lick Observatory to many parts of the world—to French Guiana, for instance, to Northern California, to Chile, India, Georgia, Sumatra, Spain and Egypt, and to the South Pacific. The Hearst expedition to Chile in 1893 and the Crocker expedition to India in 1898 recorded for the first time the wonderful structure of the inner solar corona, and the numerous expeditions sent out by the generosity of Regent William H. Crocker have established that the light of the inner coronal structure is largely inherent, whereas the light of the outer parts of the corona is largely reflected sunlight.

One of the greatest contributions to cosmology that the Lick observatory has made is Director Campbell's proof by spectographic observations, that stars in the earlier stages of their existence are traveling slowly through space, and that their speeds increase as they grow older. This hastening of pace as suns increase in age had not been suspected, and is highly important in interpretations of the life of the universe.

Among the problems which the astronomers of the Lick Observatory keep always before them, in their task of pushing forward the frontiers of human knowledge, are these: What is the form and what are the dimensions of the space occupied by our stellar system? How are the individual members of the system distributed throughout that space? What are the relations of the stars, planets, moons, nebulas, comets, and meteors to each other, both as classes and as individuals? In accordance with what laws have these bodies been evolved from materials in earlier stages of existence? What has been the history of the celestial bodies? What are their present physical conditions? What has the future in store for them?

Besides the great station on Mount Hamilton, the university has an outpost of the Lick Observatory in South America. This is the D. O. Mills Observatory, supported by the generosity of Ogden Mills. It is on the summit of Cerro San Cristobal, 900 feet above the city of Santiago, Chile. Its 37-inch reflecting telescope and spectographs are devoted primarily to studies of the motions of the fainter stars, to aid in understanding the motion of the solar system and the structure of the stellar universe.

The Lick Observatory itself has a most favorable situation. Its altitude is 4209 feet. Over 6000 people see the great telescope every year, nine-tenths of them making by automobile the journey from San Jose over 29 miles of beautiful mountain roads. Visitors are welcome daily, until sundown, and every Saturday evening people who arrive before nine o'clock are permitted to look through the huge Lick Telescope and thus to see some of the brilliant marvels of the heavens, such as the Great Nebula in Orion, or gorgeous Jupiter and its moons, or the brilliant star-cluster in Hercules, where five thousand visible stars are shining in one two-millionth of the area of the sky, and each of these suns probably as far from each of its nearest fellows as we are from the nearest fixed star—and that is so far that it takes light four years to cross the gulf—four years, with the star-beam traveling 186,000 miles every second.

"MY MOTHER'S PIES."

(A physician in St. Louis in a recent address on "Health Foods" asserted that "pies of all kinds were healthy, the bakery variety more so than those made by our mothers." For that statement he has been called down quite frequently and the call continues; for instance the following contribution.)

Confound that doctor. I would like to send him scooting "down the pike." Nor would I worry over the wreck if he should fall and hurt his neck. It makes my Ebenezer rise to have him slander mother's pies and discount products that she made in favor of the baker's trade.

My mother's pies, can I forget, in memory I taste them yet. Oh I have seen them stacked away, long rows anent Thanksgiving day; six high on the long pantry shelf. I know, I counted them myself.

Apples? Well nigh a peck in each, two inches deep. I fail in speech befittingly in which to tell of pies my mother made so well.

But when it came to pumpkin pies, my mother took another prize. The custard rich, the pans so deep, and mother made them hold a heap. These from the oven crisp and brown, needed no extra washing down. 'Twas well she had an ample store, for everybody wanted more. Again I wish to emphasize, high standard of my mother's pies.

Shall cherry pie escape my mind, and others of the berry kind? No, every pie by mother made, deserved and got the stamp high-grade, that doctor's statement I despise, that ma put shortening in lengthwise. Ma never made dead soggy crust; you find that in the baker's trust.

My mother's crowning pie was mince, and these she made fit for a prince, though all could eat them with delight, nor think of seeing "ghosts" at night. She had her pastery crust prepared with sweetest, cleanest of leaf lard, while the "trade" saturates its dough with Cottoline and Olio, and then when they produce their pies, we find them not half mother's size, and they, besides, are very thin—contents a little dab within—small quantity of filling, what? Well, this deponent sayeth not. So, doctor, take your choice in "trade," give me the pies my mother made.

RIP RAP.

RUNGS OF THE LADDER.

Are we thankful enough for the kind friends and even strangers, who have helped us along the rough pathway, day by day?

Those who have toiled on in the steps of the Master, days and months and years, recognize Him as the only pattern—as the Way.

It is not so with those who are just beginning to strive for the right. They dare not raise their eyes to the one true example—dare not even hope to be like Him. Only to be like their neighbor, or perhaps the kind stranger who smiled, or spoke encouragingly to them.

There are but few who are so lacking in merit that no one finds them worthy of imitation.

Are we careful of the example we may set for others?

Friend, some one to whom our assistance is vital, may be stretching his hand to us for help up the stony hillside. Some one may be watching our individual work.

Once in a theatrical rehearsal of a mob scene, the actors were called back many times by the stage manager to repeat their work and were given this advice: "Don't think that because this is a mob scene you can each do as you please. You don't know who may be watching your individual work. I want each of you to do your work as though you were the only one on the stage. Do work that will stand alone."

Should not we who are on the stage of life watch our individual work, and do work that will not only stand alone, but will be a guiding star to some one less fortunate?

"LARK ELLEN" AT EAGLE ROCK

Notwithstanding the fact that the rain was falling Thursday evening, Jan. 9th, the fame of Ellen Beach Yaw was a sufficient drawing card to fill the hall at Eagle Rock with an audience that enjoyed a musical treat such as few of them had ever experienced. Those who had heard the famous singer before avowed that never had she sang so well nor been seen in so happy a mood, but there were others who denied it, saying that it was always the same with "Lark Ellen," whose graciousness of manner always rivals the sweetness of her bird-like song. The audience was wildly enthusiastic and the singer responded time and again in the most generous manner, giving the very best of her repertoire. She sang in German and Italian, but most of her selections were in the language of her home country and at the close she sat down to the piano, played her own accompaniment and sang the ever dear "Home Sweet Home," with a sweetness and tenderness that few living singers can equal; bringing tears to many eyes. One of the best examples of her skill was in the "Cuckoo" song. "California," both words and music of her own composition, was given by special request. "The Skylark" was the selection in which the phenomenal high notes of the singer were heard to the best advantage, more than once the auditors listening enchanted to the lofty notes and imagining that the highest had been aetained, were delighted as the singer without an apparent effort soared to still loftier vocal flights. The "Cradle Song" and "One Fine Day," the latter from the opera of Madam Butterfly, were among the numbers given. The purity and bird-like sweetness of the singer's famous high notes were a revelation to those who heard her for the first time.

Miss Yaw has for an accompanist Mr. Franklin Cannon, a player of unusual ability. The work of the choral club showed marked improvement and was generally excellent. The date of the third concert of the club will be announced soon.

OF INTEREST TO OWNERS OF AUTOMOBILES.

A reecnt number of the Scientific American devoted to the automobile industry gives some interesting facts. There are supposed to be now in use 700,000 of these vehicles as compared with some 500,000 in 1911. With the rapidly increasing demands for gasoline, an actual shortage of this commodity seems to be the promise of the near future and accounts for the increase taking place in its price.

The number of automobiles in use in 1913 promises to be put up to the million mark. The retail price of gasoline has increased from 13 cents a year ago to from 22 to 25 cents at present. The writer's deduction is that there will be an increasing use of kerosene from this time on for fuel and power purposes. It is thought that auto manufacturers will produce devices for the use of the heavier oils; when this is done it is thought that the owner of an automobile will be the gainer, as it is probable that a gallon of kerosene used as fuel will be able to travel 105 miles for a dollar where the same amount will now propel his car only 70 miles.

Mr. Wardell says that the water in all of the mountain streams has been unusually low for the past two years and the heavy snowfall will be of great value to the farmers and stockmen.

Vote your first choice in the first column; vote your second choice in the second column; vote any other choice in the third column; vote only one first and only one second choice. Do not vote more than one choice for one person, as only one choice will count for any candidate by this ballot. All distinguishing marks make the ballot void. If you wrongly mark, tear, or deface this ballot, return it, and obtain another. To vote for a person whose name is not printed on the ballot write his name in the blank space after the printed names of candidates for the office and stamp in the proper column the choice you desire to vote for such person.

Spaces shall be left below the printed names of the candidates for each office to be voted for, equal in number to the number of officers to be elected, wherein the voter may write the name of any person for whom he may wish to vote. He shall then stamp in the proper column the choice he desires to vote for such person.

Sec. 5. REQUIREMENTS OF BALLOTS. All ballots printed shall be identical, so that without the number thereon it would be impossible to distinguish one ballot from another. Space shall be provided on the ballot for Charter Amendments or other questions to be voted on at the municipal elections, as provided by this charter. The names of candidates for each office shall be arranged in alphabetical order of the surnames. No ballot shall have printed thereon any party or political designation or mark, or anything indicating the views or opinions of any candidate, or the source or support of his candidacy.

Sec. 6. SAMPLE BALLOTS. The City Clerk shall cause sample ballots, upon paper of different color, but otherwise identical with the ballot to be used at the election, to be printed, distributed and mailed to the registered voters in the manner provided by law for general state elections.

Sec. 7. CANVASS AND ELECTION. As soon as the polls are closed, the election judges shall immediately open the ballot boxes, take therefrom and count the ballots, and enter the total number thereof on the tally sheet provided therefor. They shall also carefully enter the number of the first, second, and third choice votes for each candidate on said tally sheet and make return thereof to the City Clerk as provided by law. If more than one choice is marked for the same candidate on any ballot, only the one choice which is prior in order of choices shall be counted. If any voter shall mark more than one first or second choice, his ballot shall not be counted as to such first or second choice, but shall not be otherwise invalidated. No vote shall be counted unless the same is made by stamping a cross in the proper voting space as provided in the foregoing instructions to voters; provided, however, that no vote marked by stamping a cross, shall be rejected for informality if it can be determined with reasonable certainty how the voter intended to vote.

Sec. 8. The City Council shall meet as a canvassing board and canvass the returns within seven days after such election, and shall upon such canvass declare the result, and cause the same to be entered in their minutes.

The person receiving more than one-half of the total number of ballots cast at such election as the first choice of the electors for any office shall be elected to that office. If no candidate shall receive such a majority of the first choice votes for such office, the name of the candidate printed on the ballot having the smallest number of first choice votes, and all names written on the ballot having a less number of votes than such last named candidate, shall be excluded from the count, and votes for such candidates or persons so excluded shall not thereafter be counted. A canvass shall then be made of the second choice votes received by the remaining candidates for said office; said second choice votes shall then be added to the first choice votes received by each remaining candidate for such office, and the candidate receiving the largest number of said first and second choice votes, if such votes constitute a majority of all ballots cast at such election, shall be elected thereto. If no such candidate shall receive such a majority after adding the first and second choice votes, the name of the candidate then having the smallest number of first and second choice votes shall be excluded from the count, and no votes for such candidate so excluded shall thereafter be counted. A canvass shall then be made of the third choice votes received by the remaining candidates for such office; said third choice votes shall then be added to the first and second choice votes received by each remaining candidate for such office, and such remaining candidate receiving the highest number of first, second, and third choice votes shall be elected thereto. When the name of but one person remains as a candidate for any office, such person shall be elected thereto regardless of the number of votes received.

A tie between two or more candidates is to be decided in favor of the one having the greatest number of first choice votes. If all are equal in that respect, then the greatest number of second choice votes determine the result. If this will not decide, then the tie shall be determined by lot, under the direction of the canvassing board.

Whenever the word "majority" is used in this section, it shall mean more than one-half of the total number of ballots cast at such election.

Sec. 9. INFORMALITIES IN ELECTION. No informalities in conducting municipal elections shall invalidate the same, if they have been conducted fairly and in substantial conformity with the requirements of this Charter.

Sec. 10. GENERAL ELECTION REGULATIONS. The provisions of any State law, now or hereafter in force, except as the Council may otherwise by ordinance provide, relating to the qualifications and registration of electors, the manner of voting, the duties of election officers, the canvassing of returns, and all other particulars in respect to the management of elections, except as otherwise provided in this Charter, so far as they may be applicable, shall govern all municipal elections.

The Council shall also fix the compensation of all other officers and employes of the City, except as in this Charter otherwise provided. No officer or employe shall be allowed any fees, perquisites, emoluments, rewards or compensation, aside from the salary or compensation so fixed by the Council, but all fees received by him in connection with his official duties shall be paid by him into the City Treasury.

Sec. 7. REPORTS OF DEPARTMENTS. Each department and commission shall annually, on such date as may be fixed by the Council, render to the Council a full report of all operations of such department or commission for the year, and the Council shall provide for the publication of all such reports.

Sec. 8. COUNCILMAN TO HOLD NO OTHER OFFICE. No Councilman shall hold any other municipal office, or hold any office or employment the compensation of which is paid out of the municipal moneys; nor shall he be elected or appointed to any office created or the compensation of which is increased by the Council, while he is a member thereof, until one year after his resignation or the expiration of the term for which he was elected.

Sec. 9. OFFICERS NOT TO BE INTERESTED IN CONTRACTS OR FRANCHISES. No officer or employe of the City shall be directly or indirectly interested in any contract, work or business of the City, or in the sale of any article, the expense, price or consideration of which is paid from the city treasury or by assessment levied by any act or ordinance of the City; nor in the purchase or lease of any real estate of other property belonging to the City or which shall be sold for city taxes or assessments or by virtue of legal process at the suit of the City. No officer or employe of the City shall be in the employ of any public service corporation in the City or of any person having any contract with the City or of any grantee of a franchise granted by the City.

Any contract or agreement made in contravention of this Section shall be void.

Any violation of the provisions of this Section by such officer or employe of the City shall be deemed a misdemeanor, and he shall forfeit his office.

The Council shall enforce the provisions of this Section by appropriate legislation.

Sec. 10. POLITICAL AND RELIGIOUS TESTS. No appointment to position under the City government shall be made or be withheld by reason of any religious or political opinions or affiliations or political services, and no appointment to or selection for or removal from any office or employment, and no transfer, promotion, reduction, reward or punishment shall be in any manner affected by such opinions, affiliations or service.

ARTICLE IX.

Finance and Taxation.

Section 1. THE FISCAL YEAR. The fiscal year of the City shall commence upon the first day of July of each year, or at such other time as may be fixed by ordinance.

Sec. 2. TAX SYSTEM. The Council shall by ordinance provide a system for the assessment, levy and collection of all City taxes not inconsistent with the provisions of this Charter.

The Council shall have power to avail itself by ordinance or any law of the State of California, now or hereafter in force, and comply with the requirements thereof whereby assessments may be made by the Assessor of the county in which the City of Glendale is situated and taxes collected by the tax collector of said county for and on behalf of the City of Glendale.

Other provisions of this Charter concerning the assessment, levy and collection of taxes shall be subject to the provisions of any such ordinance while the same shall be in force, and of the law adopted thereby.

Sec. 3. DEPARTMENT ESTIMATES OF ANNUAL REQUIREMENTS. On such date in each year as shall be fixed by the Council, the heads of departments, offices, boards and commissions shall send to the Mayor a careful estimate in writing of the amounts, specifying in detail the objects thereof, required for the business and proper conduct of their respective departments, offices, boards and commissions, during the next ensuing fiscal year.

Sec. 4. ANNUAL ESTIMATE OF CITY'S REQUIREMENTS AND REVENUE. On such date in each year as shall be fixed by the Council, the Mayor shall submit to the Council an estimate of the probable expenditures of the City government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for the outstanding funded indebtedness of the City, and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be provided for each fund and department; also an estimate of the amount of income from fines, licenses and other sources of revenue exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

Sec. 5. ANNUAL BUDGET. The Council shall meet annually prior to fixing the tax levy, and make a budget of the estimated amounts required to pay the expenses of conducting the business of the City government for the fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the Council may deem advisable.

Sec. 6. BOARD OF EQUALIZATION. The Council shall meet at their usual place of holding meetings on the first Monday in August of each year, at one o'clock in the afternoon of said day, and sit as a Board of Equalization, and shall continue in session from day to day for at least four days. A day for the purpose of this section shall be deemed from 1 p. m. to 9 p. m. They shall have power to hear complaints and to correct, modify, strike out or to raise any assessment, provided that notice shall be given to the party whose assessment is to be raised.

Sec. 7. ANNUAL TAX LEVY. The Council must finally adopt, not later than its first regular meeting in September, an ordinance levying upon the assessed valuation of the property in the City, subject to the provisions of this Charter, a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue. They shall then deliver the corrected assessment roll to the auditor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll, and the assessment roll upon which the Auditor has so extended the tax shall be the assessment roll for the current fiscal year.

Sec. 8. LIMIT OF TAX LEVY. The tax levy authorized by the Council to meet the municipal expenses for each fiscal year shall not exceed, except as herein provided, the rate of one dollar on each one hundred dollars of the assessed value of all real and personal property within the City. Such levy shall be placed in the general fund, which may be apportioned by the Council, except as otherwise provided in this Charter.

Sec. 9. BOND TAX. LIBRARY TAX. The Council shall have power to levy and collect taxes, in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the City; and to levy an additional tax not exceeding ten cents on each one hundred dollars of the assessed value of all real and personal property within the City for the support and maintenance of free public libraries and reading rooms.

Sec. 10. TAX LIENS. All taxes and assessments levied together with any percentages imposed for delinquency and the cost of collection, shall constitute liens on the property assessed; every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this Section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance; provided, that when real estate is offered for sale for City taxes due thereon, the same shall be struck off and sold to the City, in like case and in like manner and with like effect and with like right of redemption, as it may be struck off and sold to the state when offered for sale for state and county taxes; and the Council shall have power to provide for the procedure to be followed in such sales to the City and redemption thereafter.

Sec. 11. DUTIES OF THE AUDITOR. Money shall be drawn from the treasury only upon warrants as herein authorized. Every demand against the City, from whatever source, including the free public library, when allowed by the Council or proper board, shall be signed by the president and secretary or clerk of such body, and a warrant, numbered and dated the same as the demand shall be, issued and signed by the same officers, and both must, before the demand can be paid, be presented to the auditor, who shall satisfy himself whether the money is legally due and its payment authorized by law. If he allow it, he shall endorse upon the warrant the word "allowed" and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, and the date thereof. It shall be the duty of the Auditor to be constantly acquainted with the exact condition of the treasury. He shall, on application of any person indebted to the City, holding money payable into the City Treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasurer with the amount received. It shall be his duty to apportion among the several funds all public money at any time in the City Treasury, not by law or ordinance specifically apportioned and appropriated, and forthwith notify the treasurer of such apportionment or appropriation. He shall countersign and deliver to the proper officers, all licenses and other receipts, charging them therewith, and taking their receipt therefor. He shall at the first regular meeting of each month, or oftener if required, report in writing to the Council the condition of each fund in the treasury. He shall keep a complete set of books for the City, in which he shall set forth in a plain and business-like manner, every money transaction of the City, so that he can at any time tell the exact condition of the City's finances, and draw all warrants on the treasury. He shall perform such other duties as may be required of him by this Charter or by ordinance.

Sec. 12. DISPOSITION OF MONEY COLLECTED. Every officer collecting or receiving any moneys belonging to or for the use of the City shall on the day of the receipt thereof settle for the same with the auditor and immediately pay all the same into the treasury, on the order of the auditor, for the benefit of the funds to which such moneys severally belong. The Council may provide, in its discretion, for the deposit of the City moneys in banks in accordance with the state law.

Sec. 13. UNIFORM ACCOUNTS AND REPORTS. The Council shall prescribe uniform forms of accounts, which shall be observed by all officers and departments of the City which receive or disburse moneys. Whenever an act shall be passed by the State legislature calling for uniform municipal reports, the City authorities shall be governed thereby.

ARTICLE X.

Public Work and Supplies.

Section 1. FORM OF CONTRACTS. All contracts shall be drawn under the supervision of the City Attorney. All contracts must be in writing, executed in the name of the City of Glendale and signed by the Mayor, and must be countersigned by the Auditor, who shall number and register the same in a book kept for that purpose.

Sec. 2. PROGRESSIVE PAYMENTS ON CONTRACTS. Any contracts may provide for progressive payments if in the ordinance or resolution authorizing or ordering the work, permission is given for such a contract. But no progressive payments can be provided for or made at any time which with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the City.

Sec. 3. PUBLIC WORK TO BE DONE BY CONTRACT. In the erection, improvement and repair of all public buildings and works, in all street and sewer work, and in all work in or about streams, or in or about embankments or other works for protection against overflow and erosion, and in furnishing any supplies and materials for the same, or for any other use by the City, when the expenditure required for the same exceeds the sum of four hundred dollars, the same shall be done by contract, and shall be let to the lowest responsible bidder, after advertising for sealed bids for the work contemplated, in at least two successive issues of the official newspaper of the City. Such notice shall specifically state the work contemplated to be done. The Council may reject any and all bids and readvertise for bids, or provide for the work to be done by the City.

Sec. 4. CONTRACTS FOR OFFICIAL ADVERTISING. The Council shall let annually a contract for the official advertising of the City for the ensuing year. For this purpose the Council shall advertise in the official newspaper for at least one day, setting forth specifically the work contemplated to be done, and asking for sealed bids therefor. The bids shall specify the type and spacing to be used at the rate or rates named therein. The Council shall let the contract for such official advertising to the lowest responsible bidder publishing a newspaper of general circulation in the City. The Council may reject any or all bids and advertise for new bids. The newspaper awarded such contract shall be known as the "Official Newspaper of the City of Glendale."

Sec. 5. CONTRACTS FOR LIGHTING. No contract for lighting streets, public buildings, places or offices shall be made for a longer period than one year, nor shall any contract to pay for electric light or any illumination material at a higher rate than the minimum price charged to any other consumer be valid.

Sec. 6. HOURS OF LABOR. The maximum time of labor or service required of any laborer, workman or mechanic employed upon any municipal work, whether so employed directly by the City and its officers, or by a contractor or sub-contractor, shall be eight hours during any one calendar day.

Sec. 7. COLLUSION WITH BIDDER. Any officer of the City, or of any department thereof who shall aid or assist a bidder in securing a contract to furnish labor, materials or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information, or who shall wilfully mislead any bidder in regard to the character of the materials or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount of different kind of materials or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office.

Sec. 8. COLLUSION BY BIDDER. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and the Council shall advertise for a new contract for said work, or provide for such public work to be done by the City.

ARTICLE XI.

Franchises.

Section 1. PROPERTY RIGHTS OF THE CITY INALIENABLE. The rights of the City in and to its streets, highways, parks and all other public places, except as otherwise provided in this Charter, are hereby declared inalienable.

Sec. 2. NO USE OF STREETS WITHOUT A FRANCHISE. No person, firm or corporation shall ever exercise any franchise or privilege mentioned in this Article except in so far as he or it may be entitled to do so by direct authority of the Constitution or laws of California or of the Constitution or laws of the United States, in, upon, over, under or along any street, highway or other public place in the City, unless he or it shall have obtained a grant therefor in accordance with the provisions of this Article.

Sec. 3. FRANCHISE TO USE STREETS. Every franchise or privilege to construct or operate railroads or street, suburban or interurban railways, along, upon, over or under any street, highway, or other public place,

BIBLE STUDENTS TO HAVE ANOTHER TREAT

W. Homer Lee Will Again Address Public at K. P. Hall.

In harmony with the wish of citizens and Bible students, Mr. Lee will again lecture at K. P. Hall Sunday afternoon at 3 o'clock.

Mr. Lee has recently addressed large and attentive audiences in other cities, arousing much favorable comment from the thinking public.

As a Bible lecturer he has gained great favor with the most earnest Christians for various reasons. His lectures are largely made up of Bible quotations interwoven in a most harmonious and pleasing manner and showing, as he claims, entire harmony of the sacred word.

All of his presentations are said to be from purely an undenominational point of view in that he finds a greater latitude of thought and a greater privilege of service by thus pursuing his labors, serving any and all who love the gospel message.

On Sunday Mr. Lee proposes to discuss facts which are well understood by the world's best Bible scholars, but ordinarily not mentioned, his suggestion being that all scripture is profitable to the upbuilding and blessing of God's people. For this reason he intends to make plain many things that every Christian and thoughtful mind should understand.

Among these things are "Just what will the resurrection be," and "How will it be accomplished."

There will be no admission charged. The public is cordially invited to attend this meeting. (Advertisement)

RECEPTION AND DANCING PARTY.

Most important among recent social events was the reception followed by dancing and cards presided over by Mr. and Mrs. V. Price Brown and Mr. and Mrs. A. W. Beach who received over one hundred and fifty friends, including numerous out-of-town guests, on Saturday evening in the Knights of Pythias hall.

Beautiful decorations were carried out in pale pink ribbon streamers with cut flowers and ferns and softly shaded lights. At the conclusion of a brief reception the evening was happily passed with dancing and cards.

Supper was served at the Society Shop, where long tables were adorned with crimson carnations and ferns which were scattered over the white cloth.

The evening constituted one of the most pleasantly planned social affairs of this season.

IN THE RECORDER'S COURT.

Marshal Miller brought in only one speeder last Sunday, Mr. H. J. Myers, who was getting over the Verdugo road in his automobile at a reckless rate. Judge Whomes let him off easy with a ten dollar fine. The pool room case was to have come up on demurrer last Saturday at 10 o'clock, but as at that hour neither the prosecution nor the defense was represented, the court entered order overruling the demurrer and the case will go to trial at a date to be set later. The Crocker case is to come up soon in the superior court on appeal. Both of these cases are of importance as upon their ultimate decision depends the validity of the Glendale ordinances under which charges were brought.

The city trustees of Burbank have instructed the city attorney to prepare an ordinance calling a special election to vote on an issue of $50,000 bonds for a municipal water works; the purchase of the existing Brand private system is estimated at $20,000 and extensions and improvements at $30,000.

If one-fourth of the socialistic schemes proposed to the legislature at Sacramento, should become laws, California will find that there are worse things to be encountered here than an occasional cold spell of weather, and the annual visit of the tax collector with the more frequent calls of the sheriff will be among them.

Miss Helen Gould was married in a wedding gown that cost a beggarly thousand dollars, she who could spend a million for the same and not miss it. And the dames and damsels of Gotham's Four Hundred are turning up their aristocratic little noses at her in lofty contempt of her manners! Jay Gould may have been a good many sorts of a rascal, but the United States owes him a great debt for giving it his daughter.

The orange industry of California does not need any special legislative assistance because a portion of the crop has been destroyed by the recent cold spell. There are a lot of people who have gone daft upon the subject of the legislative cure-all. The microbe of paternalism is abroad in the land and if its course is not checked, every citizen will be sitting down with folded hands waiting for a fat pension to come along and take care of him for the rest of his natural life, which robbed of the incentive to enterprise and industry will be entirely too long to be interesting to the unfortunate afflicted with it.

Harry Ellington Brook's magazine, "Brain and Brawn," a very bright publication by the way, has a recent editorial against the practice of vaccination, in which occurs the following:

"Over forty years ago I was for a time secretary to Dr. William Tebb, who devoted his life to a valiant fight against compulsory vaccination. The result was a parliamentary inquiry which lasted over six months and resulted in the abolition of compulsory vaccination in that country." Commenting on this, a gentleman who was a resident of London for several years, says Dr. Brook is mistaken, that vaccination in London ten years ago was compulsory, as he has reason to know from personal experience.

As bearing upon the proposed "minimum wage" laws now being lobbied for at Sacramento by some well-meaning citizens newly enfranchised, the San Francisco Argonaut calls attention to the experience of the New York school board as illustrating the working out of these laws. The board recently found that there was not a male teacher on the waiting list. A year or two ago the men teachers were receiving a salary for the initial year of $900 as against $750 paid to woman teachers. Then the sex-equality people got busy and demanded that men and women be paid similar salaries. This was done, not by raising the pay of the women but by reducing the salaries of the men, and now a beautiful equality prevails—but the men teachers, they are elsewhere!

The city trustees in communicating with the Los Angeles city authorities with a view to ascertaining the best terms upon which Owens River water may be secured, are taking quite a proper step. When the answer is received, it will be naturally in order to put the matter up to the people for decision. There are a good many possibilities to be considered and a few months will develop things which now

PHENOMENAL GROWTH OF LOS ANGELES COUNTY.

"The population of Los Angeles county in 1900 was 170,298 and in 1910, 504,131; an increase of 196 per cent." With the above statement the Los Angeles Times prefaces an interesting article in which it seems to be clearly proved that never before in the history of the world has the rapid increase in population in the same term of years been equalled, except in the case of Iowa from 1850 to 1860 and Oklahoma from 1900 to 1910; the former showing an increase of 251 per cent in the period mentioned and the latter gaining 205 per cent. And the comparison between these states and a single county, is scarcely equitable. It follows consequently that Los Angeles is supreme when the county is the basis of comparison. The county that most nearly approaches Los Angeles in the increase of population in a decade, is Spokane County, Wash.

WORTH THEIR STUDY.

The Progressive party intends to appoint a commission to visit the countries of Europe and get pointers on good government. A carping critic might suggest that the commissioners might profitably devote their time to a study of practical conditions at home, but a little real study may benefit them wherever they may be. These students of practical governmental affairs may well afford to spend some time in conservative old England where fads in government have not yet taken a serious hold, but where justice is meted out in the courts in a manner that is unfortunately almost unknown in America. They may well inquire into the meaning of the fact that with a law inflicting swift and sure capital punishment for murder, the number of murders per capita is only a tenth as great as in the United States where not one murderer in ten is executed. Then they can pass over to Germany where the recall, referendum and initiative are unknown, and in regard to the conditions of government, Mr. Brand Whitlock, writing from Berlin says:

"I have been bewildeerd by the thoroughness of everything. . . . Everywhere I have encountered burgomasters and town councillors with whom the science of municipal government is not a political opportunity or a passing occupation, but a profession which they have practiced for years, and intend to practice all their lives. Everywhere I have found the city in possession of what belongs to the city."

OUR JURY SYSTEM.

District Attorney J. D. Fredericks, the very able prosecuting attorney of Los Angeles county, at the recent meeting of the district attorneys convention, took occasion to severely criticise the jury system.

Certainly Captain Fredericks has had unusual provocation tending to lead him to conclude that our present system of trial by jury is not all that it is popularly supposed to be. The system has ben looked upon so long as the "palladium of our liberty" that it is not yet going to be done away with, but its failure to secure even approximate justice, is too often demonstrated. The average juryman is just an average citizen, neither more nor less, and as such he naturally wishes to do right and to arrive at a just verdict. But he is usually without experience in a judicial capacity, unaccustomed to the various indications which to the expert eye of an experienced judge show that a witness is truthful or otherwise. The average juror too often allows his sympathies to be worked upon; some consideration which in absolute justice should not be allowed to affect his judgment at all, is permitted to influence him contrary to the very solemn oath he has taken to "represent the people of the state."

When the defendant in a criminal case comes into court accompanied by wife and babies, the sight of the innocent ones who must suffer if the father and husband is sent to jail, is too often a potent factor in bringing about a verdict of "not guilty." When the defendant happens to be a lawyer and is allowed to plead his own case, depending not upon the facts developed during the trial, but upon his skill in playing upon human sympathy through tricks of oratory, the result is very likely to be a miscarriage of justice. These are the faults of our jury system, they are the common weaknesses of our human nature, we are men and human beings first and good judges only incidentally.

The faults of the jurymen are such as do not usually apply to the judge upon the bench. He has learned to distinguish the truth teller from the perjurer upon the witness stand, his mind is trained to the task of finding out the truth and of restraining his sympathies lest they warp his judgment. Certainly the average judge is more likely to arrive at a just conclusion than the average juryman, for after all wisdom comes more from experience than from instinct.

HANKERS TO BE ANNEXED.

A Los Angeles paper during the past week quotes "O. M. Newby of Glendale," as responsible for the statement that the people of Glendale are anxious to be annexed to Los Angeles and that a mass meeting to voice their desire will soon be held.

If the paper in question has quoted Mr. Newby correctly, it betrays him as the possessor of a lively imagination, as a gentleman given to "seeing things" which are not visible to the eye of the ordinary mortal, and at the same time discloses him as not being ordinary. In the latter case of course he is above criticism; we leave to the Bernard Shaws the task of dealing with the superman. Possibly there could be found by the fine tooth comb process some night lodgers in Glendale, who influenced by the pangs of a dyspepsia, innate or acquired, really believe that being absorbed by Los Angeles is the only remedy for the ills that they fancy Glendale to be suffering from and who look forward to such a consummation as fondly as does the devout Hindu to becoming absorbed in Nirvana. But to find any considerable number of our citizens who cherish this fondly foolish dream at the present time, would be a task for a Sherlock Holmes. To any such of our misguided fellow citizens as there may be, we commend the following recent remarks of Councilman Betkousky of Los Angeles:

"I feel that we are now going the limit in taxing the people to their ability to pay. If they had to meet simply the general tax rate, then we might consider that they could stagger along; but that is only a small part of the burden laid upon their shoulders. We are asked to put this heavy assessment upon a defenseless people. We have a park department that has demonstrated its ability to spend money faster than it can be minted, and the park system has increased four-fold within the past four years. The people of the city do not know this, but I, as a member of the finance committee, do know it, and I believe it ought to be public knowledge. We are proposing to lay a new and burdensome assessment upon a district that has been overburdened already with assessments for street work and various improvements.

"We don't want to take the position of highwaymen, or hold-up men, even if we have that power. When all these things are summed up, the people will say that the limit has been reached and they will have to sacrifice their homes and go where the burdens are not so oppressive."

Sec. 11. BEGINNING AND COMPLETING OF WORK. Work under any franchise granted in accordance with the terms of this Article shall be commenced in good faith within four months from the date of the final adoption of the ordinance granting such franchise, and, if not so commenced, said franchise shall be forfeited. Work under any franchise so granted shall be completed within the time, if any, fixed for such completion in the ordinance granting such franchise, and in case of a railroad, or a street, suburban or interurban railway, such time of completion shall be fixed at not more than three years from the date of the final adoption of the ordinance granting said franchise, and if not so completed, said franchise shall be forfeited; provided, that if good cause be shown, the Council may by resolution extend the time for the completion thereof not exceeding three months.

Sec. 12. REGULATION OF GRANTS, FRANCHISES AND PRIVILEGES. The grant of every franchise or privilege shall be subject to the right of the City, whether reserved or not, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including, among other things, regulations to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise, and all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodation for the people and insure their comfort and convenience.

Sec. 13. RATES AND CHARGES. The grant of every franchise or privilege shall be subject to the right of the City, whether reserved or not, to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise. The grant of every franchise for a railroad or street, suburban or interurban railway, shall provide that all United States mail carriers and policemen and firemen of the City shall at all times, while in the actual discharge of their duties, be allowed to ride on the cars of such railroad, within the boundaries of the City, without paying therefor and with all the rights of other passengers.

Sec. 14. RIGHT OF THE CITY TO ASSUME OWNERSHIP. Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, or at any time before which may be specified in the ordinance, the City, at its election and upon the payment of a fair valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee used or useful in the operation of such a franchise, in its entirety, whether upon the public streets or elsewhere, but in no case shall the value of the franchise of the grantee be considered or taken into account in fixing such valuation.

Sec. 15. NO CONVEYANCE NECESSARY FOR CITY'S OWNERSHIP. Every ordinance granting any franchise shall further provide that upon the payment by the City of a fair valuation in the manner provided in the ordinance, the plant and property of the grantee shall become the property of the City, by virtue of the grant and payment thereunder, and without the execution of any instrument or conveyance.

Sec. 16. LEASE OR ASSIGNMENT OF FRANCHISE. Any franchise granted by the City shall not be leased, assigned or otherwise alienated without the express consent of the City, and no dealings with a lessee or assignee on the part of the City to require the performance of any act or payment of any compensation by the lessee or assignee shall be deemed to operate as such consent; provided, that nothing herein shall be construed to prevent the grantee of such franchise from including it in a mortgage or trust deed executed for the purpose of obtaining money for corporate objects.

Sec. 17. STREET SPRINKLING, CLEANING AND PAVING. Every grant of any franchise or privilege in, over, under or along any of the streets, highways or public places in the City for railway purposes shall be subject to the conditions that the person, firm or corporation exercising or enjoying the same shall sprinkle, clean, keep in repair, and pave and repave so much of said street, highway or other public place occupied by said railway as lies between the rails of each railway track, and between the lines of double track, and for a space of two feet outside of said tracks.

Sec. 18. EXAMINATION OF COMPANY'S BOOKS. AUDIT. The City of Glendale, by its Auditor or Accountants duly authorized, shall have the right at all reasonable times to examine all the books, vouchers and records of any person, firm or corporation exercising or enjoying any franchise or privilege granted by the City, for the purpose of verifying any of the statements of gross receipts provided for, and for any other purpose whatsoever connected with the duties or privileges of the City, or of such person, firm or corporation, arising from this Charter, or from the ordinance granting the franchise, and may audit the same at the end of each year.

Sec. 19. ANNUAL REPORTS OF COMPANY. Every person, firm or corporation operating any business under a franchise granted under this Article shall file annually with the City Auditor, on such date as shall be fixed by the Council, a report for the preceding year.

Such report shall be in writing, verified by the affidavit of such person or persons, or officer of the corporation, as the Council shall direct, and shall contain a statement, in such form and detail as shall from time to time be prescribed by the Council, of all the gross receipts arising from all the business done by said person, firm or corporation within the City of Glendale for the year immediately preceding such report. Such report shall contain such further statements as may be required by the Council concerning the character and amount of business done, and the amount of receipts and expenses connected therewith, and also the amount expended for new construction, repairs and betterments during each year.

Sec. 20. PAYMENT OF GROSS RECEIPTS. The grantee of every franchise granted hereunder, and his or its successors, or assigns, shall annually during the life of such franchise pay to the City of Glendale two per cent of the gross receipts of such grantee, successors or assigns arising from the use, operation or possession of such franchise, and failure to pay such percentage shall work a forfeiture of the franchise; provided, that if the franchise is not a renewal of an existing franchise, the Council may provide that no such percentage shall be paid during the first five years of the life thereof. These provisions as to the payment of gross receipts shall apply to every person, firm or corporation using or operating the works constructed under such franchises, and the provisions required by this section shall be incorporated in a notice of sale of every franchise and the ordinance granting the same.

Sec. 21. FORFEITURE FOR NON-COMPLIANCE. Every ordinance granting any franchise or privilege shall provide for the termination and forfeiture thereof for any breach or failure to comply with any of the terms, limitations or conditions thereof, and in all such cases the Council shall have power to declare the termination and forfeiture of any such franchise or privilege, the same as though in each instance such power was expressly reserved.

Sec. 22. FRANCHISE NOT IN USE FORFEITED. All franchises and privileges heretofore granted by the City which are not in actual use or enjoyment, or which the grantees thereof have not in good faith commenced to exercise, shall be declared forfeited and invalid, unless such grantees or their assigns shall, within six months after this Charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

Sec. 23. MANNER OF GRANTING AND RENEWING FRANCHISES. No exclusive franchise shall ever be granted, and no franchise shall be renewed prior to one year before its expiration. No franchise shall be granted, renewed or extended except by ordinance.

ARTICLE XII.

The Recall.

Section 1. The holder of any elective office may be removed by the qualified electors of the City.

Sec. 2. METHOD OF PROCEDURE. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors qualified to vote at a municipal election in said City, if held at the date of the filing of said petition, equal in number to at least forty percentum of the entire vote cast at the last preceding general municipal election, demanding an election to determine whether or not said officer shall be removed from office, shall be addressed to and filed with the City Clerk, and said petition shall contain a general statement of the grounds for which the removal is sought, in not more than two hundred (200) words, which statement shall not be open to review.

Sec. 3. SIGNATURES TO PETITION. The signatures to the petition need not all be appended to one paper, but said petition may consist of separate papers, all of which shall be identical except as to their signatures. The number of signatures to each such paper shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the City shall be competent to solicit said signatures. Each such paper shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached paper were made in his presence, and that he believes that each signature to such paper is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the purported owner thereof, shall be presumed to be genuine. Until it be proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified signers, and conforms to all other legal requirements. Each signer of said petition shall add to his signature the name of his occupation and place of residence, giving the street and number, if any, or a description which will enable his place of residence to be determined.

Sec. 4. DUTIES OF CLERK. Said petition shall be presented to the City Clerk for filing, and, within ten days from the date of the presentation of such petition, the Clerk shall examine and ascertain from the records of registration whether or not said petition is signed by the requisite number of electors qualified to sign said petition, and if necessary the Clerk may employ extra help for that purpose, and the Clerk shall attach to said petition his certificate showing the result of said examination. If, by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures, within five days from the date of said certificate. The Clerk shall, within five days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, no further action shall be had thereon, but it shall be kept in the Clerk's office, without prejudice, however, to the presentation of a new petition to the same effect.

Sec. 5. RECALL ELECTION. If the petition shall be found to be sufficient as to the number and genuineness of signatures, the Clerk shall forthwith file the same in his office, and a special election shall be held within twenty days from said filing to determine whether the electors will recall said officer. All arrangements for said election shall be made and the same shall be conducted, returned, and the results thereof declared, in all respects as are all other municipal elections provided for in this Charter, except as in this section otherwise provided, and except also that the Clerk shall fix the date of election, give and sign the notice or proclamation of election, appoint the election officers, and designate the polling place in each election precinct.

Sec. 6. OFFICER'S JURISDICTION. In the published call for the election there shall be printed, in not more than two hundred (200) words the reasons for demanding the recall of the officer as set forth in the recall petition, and in not more than two hundred (200) words the officer may justify his course in office.

Sec. 7. VOTING, CANVASS OF RETURNS. At such recall election the ballot shall read:

"Shall ———— (naming the officer) be recalled? Yes."

"Shall ———— (naming the officer) be recalled? No."

If a majority of the electors voting on the recall of the officer sought to be removed shall vote in favor of such recall, said officer shall thereupon be deemed removed from office, and his incumbency thereof shall terminate upon the declaration of this result of said election by the Canvassing Board thereof. In the published call for said election the Clerk shall name three disinterested electors who shall act as a Canvassing Board thereof. It shall be the duty of said Canvassing Board to canvass the returns of said election and to declare the result thereof in the same manner and with the same force and effect as otherwise herein provided for the Canvassing Boards of general municipal elections.

Sec. 8. ELECTION OF SUCCESSOR. Within three days after the canvass of the vote of said election, if said officer is thereby removed, the Clerk shall issue a call for an election for the purpose of electing a successor to the officer so removed. Said election shall be called and held in all respects as hereinbefore provided for the election for the recall. The power and duties of the Clerk shall be the same as in said recall election. Said election shall be held upon notice of not less than twenty and not more than twenty-five days, and said election shall be held within thirty days from the date of the canvass of the vote of the recall election. Nominations shall be made in the manner provided in this Charter for the nomination of elective officers.

All the provisions of this Charter relating to the holding of general municipal elections shall be applicable to all elections held under this section to fill vacancies caused by a recall of an officer. In the event that, by reason of the recall, there shall not remain in office a majority of the City Council, it shall be the duty of the City Clerk to appoint qualified persons to fill such vacancies until the election and qualification as herein provided of the successors to the officers recalled. In the event that, by reason of the recall there shall not remain in office a majority of the Board of Education, it shall be the duty of the Mayor to appoint qualified persons to fill such vacancies until the election and qualification as herein provided of the successors to the officers recalled.

Sec. 9. DISQUALIFICATION OF RECALLED OFFICER. No person recalled under the provisions of this Article shall be eligible for appointment to any office in the City of Glendale for a period of one year from and after the date of his recall. But nothing contained herein shall make such person ineligible for an elective office

Sec. 10. NEW OFFICER, WHEN TO QUALIFY. Every person elected to fill a vacancy caused by the recall of an elective officer, as in this Article provided, shall, within four days from the declaration of the result of the election at which he was elected, qualify and assume the powers and duties of the office to which he was elected.

Sec. 11. NO RECALL BEFORE SIX MONTHS IN OFFICE. No person elected to office by the qualified electors of the City of Glendale shall be subject to the recall until at least six months from and after the date of his taking office.

ARTICLE XIII.

The Initiative.

Section 1. Any proposed ordinance may be submitted to the Council by a petition signed by qualified electors of the City equal in number to the percentage hereinafter required. The petition shall set forth a copy of the proposed ordinance.

Sec. 2. SIGNATURES TO PETITION. The signatures to the petition need not all be appended to one paper, but said petition may consist of separate papers, all of which shall be identical except as to the signatures. The number of signatures to each such paper shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the City shall be competent to solicit said signatures. Each such paper shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached paper were made in his presence, and that he believes that each signature to such paper is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the purported owner thereof, shal be presumed to be genuine. Until it be proven otherwise by official investigation it shall be presumed that the petition presented contains the signatures of the requisite number of qualified signers and conforms to all other legal requirements. Each signer of said petition shall add to his signature the name of his occupation and place of residence, giving the street and number, if any, or a description which will enable his place of residence to be determined.

Sec. 3. FILING AND EXAMINATION OF PETITION. Said petition shall be presented to the City Clerk and within ten days from the date of the presentation of such petition the Clerk shall examine and ascertain from the records of registration whether or not said petition is signed by the requisite number of electors qualified to sign said petition, and, if necessary, the Clerk may employ extra help for that purpose, and the Clerk shall attach to said petition his certificate showing the result of said examination. If, by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures within five days from the date of said certificate. The Clerk shall within five days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, no further action shall be had thereon, but it shall be kept in the Clerk's office, without perjudice, however, to the presentation of a new petition to the same effect. If the petition shall be found to be sufficient, the Clerk shall forthwith file the same with the Council.

Sec. 4. INITIATIVE ELECTION. If the petition accompanying the proposed ordinance be signed by qualified electors equal in number to at least fifteen percentum of the entire vote cast at the last preceding general municipal election, the Council must, without alteration, submit the proposed ordinance to the electorate at the next general municipal election that shall occur at any time after twenty days from the date of the Clerk's certificate of sufficiency. But if such petition is signed by qualified electors equal in number to at least twenty-five percentum of said vote and contains a request that such proposed ordinance be submitted to a vote of the people at a special municipal election, then the Council must, without alteration, submit the same to the electorate at a special municipal election to be called and held within sixty days from the filing of such petition.

Sec. 5. INITIATIVE BALLOTS. The ballots used when voting upon such proposed ordinance shall contain the words, or words similar thereto: "For the ordinance" and "Against the ordinance" (stating briefly the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such proposed ordinance shall become a valid and binding ordinance of the City.

Sec. 6. SEVERAL ORDINANCES AT ONE ELECTION. The Council may also propose and submit at said election any ordinance to the electors, and such ordinance, upon receiving a majority of the votes of the electors voting thereon, shall be deemed to have been adopted and shall be the valid and binding ordinance of the City. No ordinance adopted by the electors under the provisions of this Section, or of Section 5 of this Article, can be repealed or amended, except by a vote of the electors obtained in the manner hereinbefore stated, unless such ordinance shall otherwise provide.

Sec. 7. LIMIT TO SPECIAL ELECTION. Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this Article; provided, that there shall not be held under this Article of the Charter more than one special election in any period of twelve months.

Sec. 8. PUBLICATION OF POPULAR ORDINANCE. Whenever any ordinance or proposition is required by this Charter to be submitted to the voters of the City at any election, the Council shall cause the ordinance or proposition to be printed, and it shall be the duty of the Clerk to enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter, at least three days prior to the election, and the Council may also order such ordinance or proposition to be printed in the official newspaper of the City and published in like manner as ordinances adopted by the Council are required to be published.

ARTICLE XIV.

The Referendum.

Section 1. MODE OF PROTESTING AGAINST ORDINANCES. No ordinance passed by the Council shall go into effect before fifteen days from the time of its final passage except when otherwise required by the general laws of the State or by the provisions of this Charter, and except the ordinance making the annual tax levy and except an ordinance for the immediate preservation of the public peace, health and safety, which contains a statement of its urgency and is passed by a four-fifths vote of the Council; provided, that no grant of any franchise shall be construed to be an urgency measure.

If, during said fifteen days, a petition signed by qualified electors of the City, equal in number to at least fifteen percentum of the entire vote cast at the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the Council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the Council to reconsider such ordinance, and, if the same be not entirely repealed, the Council shall submit the ordinance to the vote of the electors of the City, at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof.

The provisions of Article XIII in regard to the form of petitions, signatures, verification and duties of the Clerk in respect thereto shall apply to the petitions for the referendum herein provided for.

All the proceedings relative to the submission of ordinances by initiative shall apply to ordinances submitted by a referendum petition, and the vote thereon shall be of the same force and effect as provided in Article XIII.

Sec. 2. REFERENCE OF MEASURES TO POPULAR VOTE. Any ordinance or measure that the Council or the qualified electors of the City shall have authority to enact, the Council may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as provided in this Charter for ordinances or measures submitted on petition. At any special election called under the provisions of this Charter there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinances or measures herein provided for, if such other questions are such as may legally be submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure reciving the highest affirmative vote shall control.

Sec. 3. PENAL ELECTION LAWS APPLICABLE. All the penal laws of the State of California, relating to elections, shall apply to all elections held under this Charte.

ARTICLE XV.

Sec. 3. Within the City limits said Court shall have concurrent and coordinate jurisdiction with township justice courts in all matters and things in which said justice courts now or may hereafter have jurisdiction; and the Judge of said Police Court shall have as aforesaid like authority, power and jurisdiction as the justices of said justice courts.

Sec. 4. In all proceedings in said police court, the pleadings, practice, procedure and laws now applicable or that may hereafter be made applicable to said justice courts are hereby adopted and made applicable to said police court.

Sec. 5. All fines and other moneys received or collected by the judge of said police court for or on account of the City of Glendale shall immediately be paid in to the City treasury.

Sec. 6. Sec. 7. Nothing in this Charter shall be so construed as to prevent a justice of the peace from holding the office of police judge.

Sec. 8. The Judge of the Police Court shall keep a record of the proceedings of the Police Court in all matters and cases before said Court. Separate dockets shall be kept for civil and criminal cases.

Sec. 9. THE ELADNEIG DANCE.

Among the most delightful of the week's events was the dancing party given Thursday evening, Jan. 16th, by the gentlemen members of the Eladneig Club in honor of the ladies of the club and their friends, over one hundred invitations being issued.

The Knight of Pythias hall was most beautifully and elaborately decorated. Long streamers of rose color and white canopied the room, couches well laden with pillows made cosy nooks in each corner while many potted ferns and masses of cut flowers added a dainty floral touch. Pink shaded lights and colored lanterns cast a rosy glow over the pretty scene of dancers keeping step to the excellent music of Smeby's orchestra.

At a prettily decorated table, Mrs. Helen Frazer served punch from beautiful hand-painted punch cups.

Patronesses of the evening were Mrs. C. O. Pulliam, Mrs. Helen Frazer and Mrs. Alex Mitchell. Members of the Eladneig Club are Miss Anna Woodberry, Miss Catherine Lewis, Miss Myrtle Pulliam, Miss Emma Pulliam, Miss Berenice Williams, Miss Lorraine Mitchell, Miss Fern Cook, Miss Riffa Kenney, Miss Ida Jacobs, Miss Eulalia Richardson, Mr. George Mitchell, Mr. Dwight Stephenson, Mr. Arthur Fancher, Mr. Gus Pulliam, Mr. J. J. Jacobs Mr. Nelson Frazer, Mr. John Legge, Mr. Fred Legge, Mr. Will Shaver and Mr. Seymour Thompson.

W. C. T. U. NOTES.

At the W. C. T. U. Penn social, held Friday night at the home of Mr. and Mrs. F. Evans, about fifty were present. The program consisted of several selections by the Presbyterian quartette, an address by Mrs. E. Norine Law, national lecturer, reading by Mr. Lemon and recitation by Ruth Morton, after which a "flower game" was much enjoyed. A prize was given for all answers given, also a prize was given for the one contributing the most pennies for their full name. Refreshments were served and a social time enjoyed. Special mention was made of the "candy booth." The committee deserves credit.

A "Prohibition social" will be held Thursday evening, January 23, 7:30, with Professor and Mrs. Dungan, 829 Lomita avenue, "the brick bungalow." You are invited. Mrs. E. Norine Law will again address the cold water folks. A fine program has been prepared. Refreshments served.

MRS. GAYLORD.

For the second time during the past week the horse belonging to the Glendale Market ran away Wednesday morning at 9:30 o'clock. From the market it ran east up Broadway, dragging the weight after it. At Glendale avenue E. Aramenta endeavored to stop the animal and failing to do this he was thrown to the ground and was severely injured by the animal, which ran over him. The injured man was taken to the office of Dr. Chase, where medical aid was administered. The horse was stopped somewhere in Glassel Park after a run of several minutes.

GLENDALE WATER SUPPLY.

South Pasadena is having trouble with the Glendale Water Co., claims being made that the supply is unfit for use.

The supply alluded to has no connection with the supply furnished to Glendale and Tropico, which comes from Verdugo Canyon. The company furnishing South Pasadena has no connection with Glendale, only in the appropriation of its name.

DEATH OF JAY Q. AUSTIN.

Jay Q. Austin, son of Judge Austin of East Sixth street, died at the residence of his parents Monday morning. He had come to Glendale a short time ago for his health from the state of Washington, where he leaves a wife and child. He was 31 years of age. Father and mother accompanied the remains to Seattle for interment.

HIS 82D BIRTHDAY.

Mr. Samuel Parker celebrated his 82d birthday last Tuesday. He was the recipient of numerous congratulatory messages from a host of friends here and elsewhere. The fine poem from his pen published in last week's NEWS indicates that his mental vigor is unimpaired. The NEWS joins in the congratulatory chorus to the veteran.

TROPICO

Mrs. Charles Conrad of Newhall has been spending the past few days with Dr. and Mrs. A. O. Conrad of Glendale avenue.

Mrs. Metcalf, corner Boynton street and Moore avenue, entertained several days during the past week, Mrs. Fred W. Latter and Mrs. Elsworth of Glendale.

In reference to this matter City Marshal Gould was authorized to have the axles of the chemical fire engine lengthened, and to procure fifty feet additional hose for the chemical apparatus.

An apartment house is being erected on Brand boulevard just north of Eulalia street by Mrs. O. P. Snyder, who has been a resident of this place for several years. The cost of the structure will be about $4000.

The Vizor Lodge No. 293 of this place, which has been organized about a year and a half, has now a membership of 98, and new applications are being received every month. The hall on San Fernando road in the Gabaig block is equipped with about $800 worth of fixtures.

After suffering several weeks from injuries received at the Tropico Tile Works, C. E. Nicholson has sufficiently recovered to be able to enjoy a visit of several days with his daughter and son-in-law, Mr. and Mrs. Henry Specht and his son, C. D. Nicholson, at their home in Lancaster.

With the object of making an extensive tour of the eastern states, Mrs. Joseph V. Griffith left last Tuesday morning. Her first step will be at New York, after which she will enjoy several weeks at the nearby cities and resorts. On her return home she will visit in Indiana, Texas and Tennessee.

At a recent meeting of the board of directors of the Bank of Tropico, the following board was elected to serve for the ensuing year: Dan Campbell of North Glendale; J. A. Bullis, B. W. Richardson and J. A. Logan of this place, and Norton C. Wells of Los Angeles.

Mrs. W. A. Thompson, formerly a resident of this place, while en route from Yuma, Arizona, to San Francisco, stopped severay days with Tropico friends this week. Among other places where she visited she passed some time as the guest of Mrs. Hal H. Davenport of Glendale avenue. Mrs. Thompson is now living in San Francisco.

The Senior B class of the Los Angeles College of Osteopathy were hosts of a delightful party given in G.A.R. hall last week, the guests being the Senior A class members of the same school. During the evening dancing and Five Hundred were enjoyed, after which the banquet was served to the 75 people present. Red and white, the class colors, were unusually prominent during the evening.

The rumor has just been circulated that the large piece of ground just north of Cypress street and east of Central avenue will soon be subdivided into building lots and placed on the market. The property belongs to A. C. Stepper of Los Angeles, who has voiced his intention to cut the piece up just as soon as Brand boulevard has been opened, which is promised for the near future.

An enjoyable social party was given by the Knights of Pythias lodge in the lodge hall in the Gabaig building on San Fernando road last Thursday evening. Although the evening was quite stormy a good number of Tropicoites were present and a good time was experienced. The affair was given under the direction of a committee consisting of B. F. Cook, Laigh Bancroft, Ed Fairfield and Noble Ripley.

Tropico's marshal has been given a raise in salary. Going up. Because of his efficient service and gentlemanly appearanec and manners Willie has been promoted. But the raise did not come before it was earned. The advance from $35 to $50 per month was a material "lift," but laying all jokes aside, it should have been larger.

Mrs. T. C. Rice-Wray entertained the members of the Thursday Afternoon Club of Tropico at her home on Blanche avenue last Friday afternoon with a very pleasing card party. This was one of the enjoyable card affairs of a series that is being held by the club at homes of the various members. At this meeting it was decided that the entertainment committee of the club will hold a "Witches" dancing party in K. of P. hall on San Fernando road on the evening of February 19th.

Plans are being drawn for S. Berman, the tailor on Brand boulevard, for a two-story brick building which will occupy the southeast corner of Brand boulevard and Tropico avenue, on which a real estate office now stands. The main floor of the building will be divided into store rooms, while the second floor will be cut up into a large assembly hall and office rooms. It is the intention of Mr. Berman to begin work on this structure at the earliest possible date and to rush the building to completion. The structure will be strictly modern in every respect and will cost in the neighborhood of $7500.

The Tropico residents are fighting for fire protection and the manner in which they are going after this safeguard will doubtless bring fruit. The members of the Civic Club and the Chamber of Commerce of this place met with the trustees at their last meeting and there was something doing every minute. J. D. Johnson, chairman of the Civic Club submitted a proposition on behalf of the residents of Gardena avenue to pay half of the costs of the fire hydrants at suitable distances along the frontage of that street if the city would pay the other half. The proposition was accepted and an application has been made to the Tropico Water Company for the installation of the hydrants.

BOULEVARD TO BE OPENED.

The referees in the condemnation proceedings for the opening and widening of Brand boulevard started out this week with a rush. The first portion of land to go before the committee consisting of Dwight Griswold, George Dodson and J. F. Peters was the strip on the boulevard between Tropico avenue and Cypress street. After much altercation it was decided that the ten feet from the lot at the corner of Tropico avenue was worth about $22 to $25 per front foot, or $220 for the strip. Witnesses insisted that the strip was worth at least $50 per foot, or $500 for the strip, but their words were disregarded.

At the rate the case is progressing we will probably see the opening of the boulevard within a few weeks.

DEATH OF R. E. KENNOYER-HOLMES.

Ray E. Kenoyer-Holmes, who died at his home at 523 Columbus avenue, January 13th, at the age of 19 years, was buried from the parlors of the Cunningham and O'Connell Co. on Grand avenue, Los Angeles, last Friday afternoon, Rev. Foster, of the Methodist church, conducting the ceremony. Mr. Kenoyer was a native of Los Angeles, having been born in that city in 1894. He was brought to this place several months ago on account of ill health, which was brought on by overstudy, and had been gaining rapidly until he contracted pneumonia, after which time he lived three days. Following the services the body was laid to rest in the Forest Lawn cemetery at this place. He leaves to mourn their loss Mrs. William Bernard Wells, his mother, and Mrs. E. Gladwin, his sister, both residing at this place.
